

Complete Doorslammer Chassis Tuning Service

From bracket racing to Top/Sportsman to Pro Modified, Chris Duncan has used his own extensive experience tuning new race cars, refining customer chassis and fine tuning his own Pro/Modified race cars with championship winning results.

Whether you compete in NHRA, ADRL, IHRA, NMCA, PDRA, or independent events, CDRC can fabricate and/or adjust all aspects of your chassis for any horsepower level you're applying to the chassis.

Supercharged Engine, Clutch, Fuel, and Overall Tuning Service

From small to large displacement supercharged engines, Chris Duncan's championship winning experience is like his chassis tuning reputation. Teams from all over the globe have hired and benefited from his supercharged engine, fuel, and overall race car tuning assistance.

Committed to the Sport of Drag Racing!
